

What is claimed is:

1. A package in which a glass substrate is packed and sealed, said package comprising a film which does not dirty surfaces of the glass substrate.
2. A package according to Claim 1, wherein the film is a polyethylene terephthalate film.
3. A package according to Claim 1, wherein the film is a laminated film comprising a plurality of layers.
4. A package according to Claim 3, wherein the innermost one of the layers constituting the laminated film is a polyethylene terephthalate layer.
5. A package according to Claim 3 or 4, wherein at least one of the layers constituting the laminated film has a moisture-proof property.
6. A package according to Claim 5, wherein said at least one layer having the moisture-proof property is an aluminum layer which is not the innermost layer.
7. A package according to any of Claims 1-6, wherein an internal volume of the package has been deaerated.
8. A package according to any of Claims 1-7, wherein the glass substrate is a glass substrate to be used for a liquid crystal display.
